PROJECTS

Retro Game Zone A Comprehensive Browser- Based Gaming Hub	The Retro Game Zone project is an open -source initiative that emerged from the global effort to preserve and promote classic video games . As a community -driven project , it is developed and maintained by contributors on GitHub , who are passionate about retro gaming and its preservation . Retro games , especially those from the 80s and 90s , hold nostalgic value for gamers who grew up during the golden age of arcade and console gaming . The project aims to bring these classic experiences to modern devices while preserving the authenticity of the games .	Feb 2025 - Apr 2025
